

DOULOS

MINISTRY

Doulos Ministry

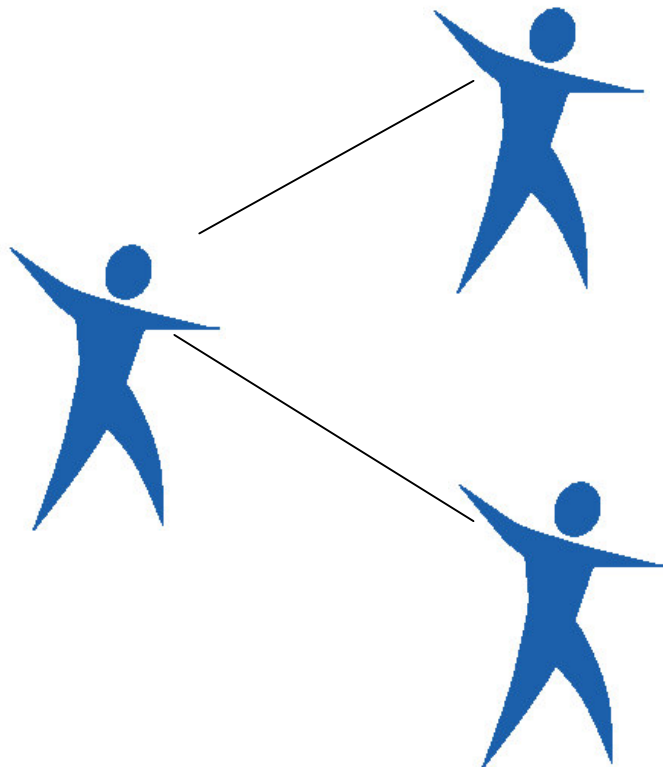

The Doulos ministry is an in-house care ministry here at Fellowship Baptist Church. Doulos comes from the Greek word for servant or slave. Therefore, the Doulos ministry is a servant-based ministry where the Doulos minister oversees 2 other church family members.

The role of the Doulos minister is to keep in contact with the family units assigned to him or her on a bi-weekly basis via email, phone calls, written correspondence etc. The Doulos minister, whenever possible will visit their assigned family members when in the hospital. Personal fellowship will be a strong emphasis in the Doulos ministry.

The family unit will be kept on them anniversary, special

it simple emphasis will be focused on verbal contact rather than filling out forms and keeping track of a bunch of paperwork. The contact sheet is in place only to aid the Doulos minister in effectively ministering to their family units. The contact sheet should not be seen as a legalistic requirement when it comes to making sure all the information is filled out.

Doulos Ministry Contact Sheet

Family Last Name: _____

Date 1st Contact made: ___/___/___
